Aaron Wey, MD, FAAOS, FACS
Adult and Pediatric Spine Surgeon
Comprehensive Spine & Scoliosis Center

New Patient Intake Form

Adult Spine Surgery | Please complete before your appointment

Welcome. This form helps us learn about you before your appointment, so your visit can focus on what matters most to you. It takes about 20-30 minutes. Answer what you can - sections appear only when they are relevant to your answers.

How to complete and return this form

1. Open this PDF in Adobe Acrobat Reader (free) or the Chrome / Edge browser, so the interactive sections work.
2. Type your answers directly into the fields. Sections that apply to you appear as you go.
3. Gather your treatment records (see Section 5) - they are the most important part.
4. Click "Email this form", or save the file and email it to awey@holyname.org. Attach your records to the same email.

Email this form

1. Patient Information

*Fields marked with * are required.*

First name * | Last name * | Date of birth * | Age *auto* | Sex

What brings you to the spine surgery clinic? | Today's date *MM/DD/YYYY* | Height | Weight

☐ **Your office already has my current contact and insurance information (skip the rest of this page).**

Phone | Email | Street address

City | State | ZIP | How did you hear about us? (optional)

Insurance & Referral

Insurance provider | Member / policy ID | Group number

Referring physician | Primary care physician | PCP phone / practice

Emergency Contact

Name | Relationship *e.g., spouse, parent* | Phone

2. What Brings You In Today?

Tell us about your main concern. This helps us focus on what matters most to you.

In your own words, what is the main reason for your visit? * *e.g., "My low back hurts and the pain goes down my left leg"*

When did this start? *e.g., March 2025; after a fall*

What bothers you the most right now?

How did it start? ○ Gradually ○ Suddenly ○ After an injury ○ After surgery ○ Not sure

Over time, has it been... ○ Getting worse ○ Staying about the same ○ Getting better ○ Comes and goes

Which areas are affected? Select all that apply. *

Check every area with pain, numbness, tingling, or weakness. Your answers decide which later sections and questionnaires apply to you.

Spine & Back

- ☐ Neck
- ☐ Upper back
- ☐ Mid back
- ☐ Low back
- ☐ Tailbone / sacrum / SI joint
- ☐ Spinal curvature (scoliosis / kyphosis)

Arms & Legs (left / right)

- ☐ L shoulder
- ☐ R shoulder
- ☐ L arm
- ☐ R arm
- ☐ L hand
- ☐ R hand
- ☐ L hip / buttock
- ☐ R hip / buttock
- ☐ L leg
- ☐ R leg
- ☐ L foot
- ☐ R foot

Other

- ☐ Headaches
- ☐ Chest wall / ribs
- ☐ Groin / pelvis
- ☐ Balance / walking
- ☐ Other

Describe Your Main Symptom

How would you describe it? (select all that apply)

- ☐ Aching / dull
- ☐ Sharp / stabbing
- ☐ Burning
- ☐ Electric / shooting
- ☐ Throbbing
- ☐ Cramping
- ☐ Pressure
- ☐ Stiffness
- ☐ Numbness
- ☐ Pins and needles
- ☐ Weakness
- ☐ Something else

How bad is it on average, over the past week? (0 = none, 10 = worst imaginable)

	0	1	2	3	4	5	6	7	8	9	10
Neck pain	○	○	○	○	○	○	○	○	○	○	○
Arm pain	○	○	○	○	○	○	○	○	○	○	○
Back pain	○	○	○	○	○	○	○	○	○	○	○
Leg pain	○	○	○	○	○	○	○	○	○	○	○

☐ **I have had spine surgery before**

Most recent spine surgery (type and levels)

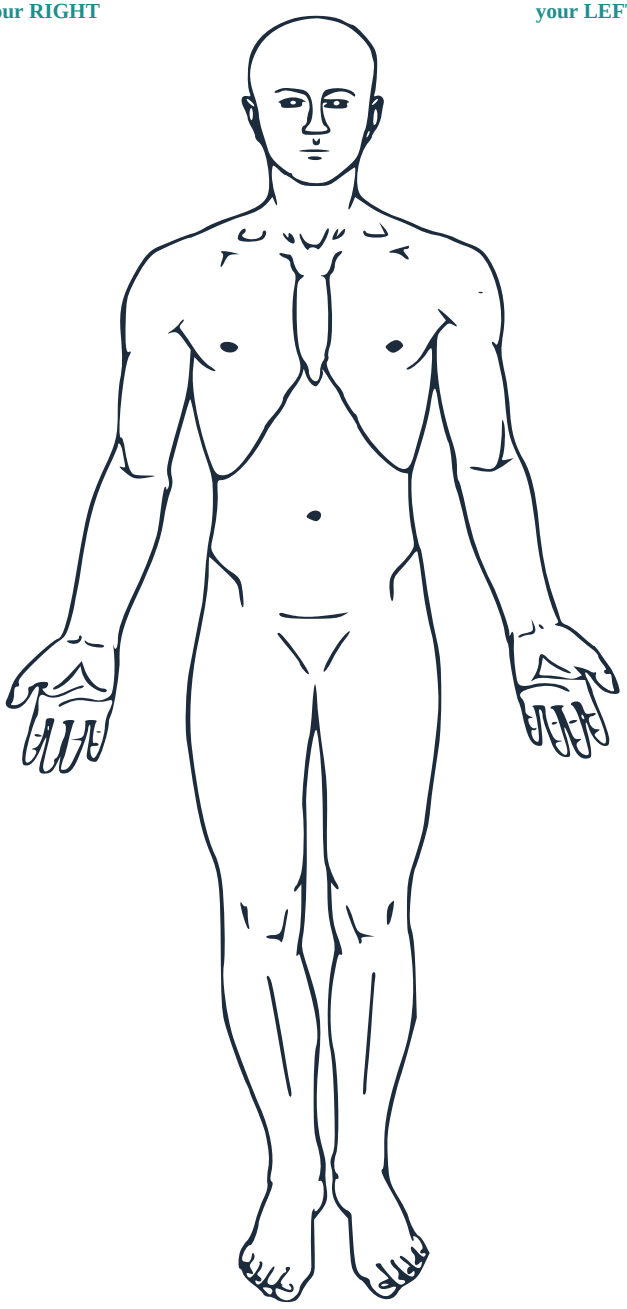

When and where (surgeon / hospital)

Did it help?

3. Where Do You Feel It?

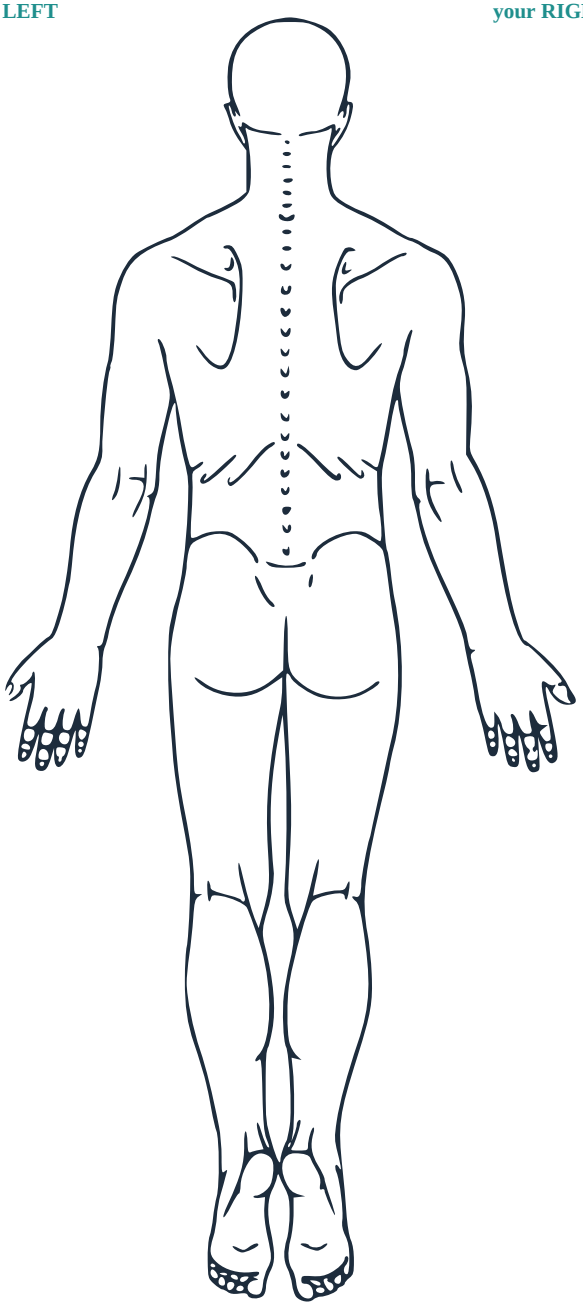

Click (or tap) on the body wherever you feel PAIN. Each click places a red mark; click the same spot again to remove it. If the pain travels, mark the whole path - for example from the low back, down the outside of the leg, to the foot.

your RIGHT **your LEFT**

FRONT

your LEFT **your RIGHT**

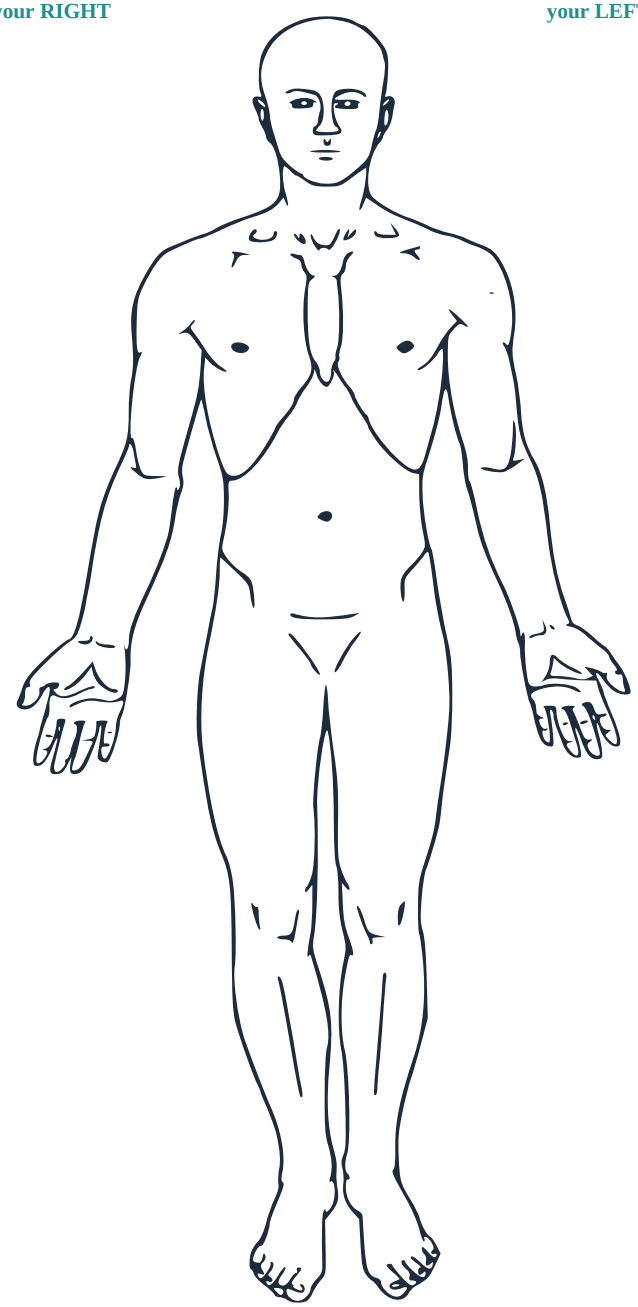

BACK

Numbness and Tingling

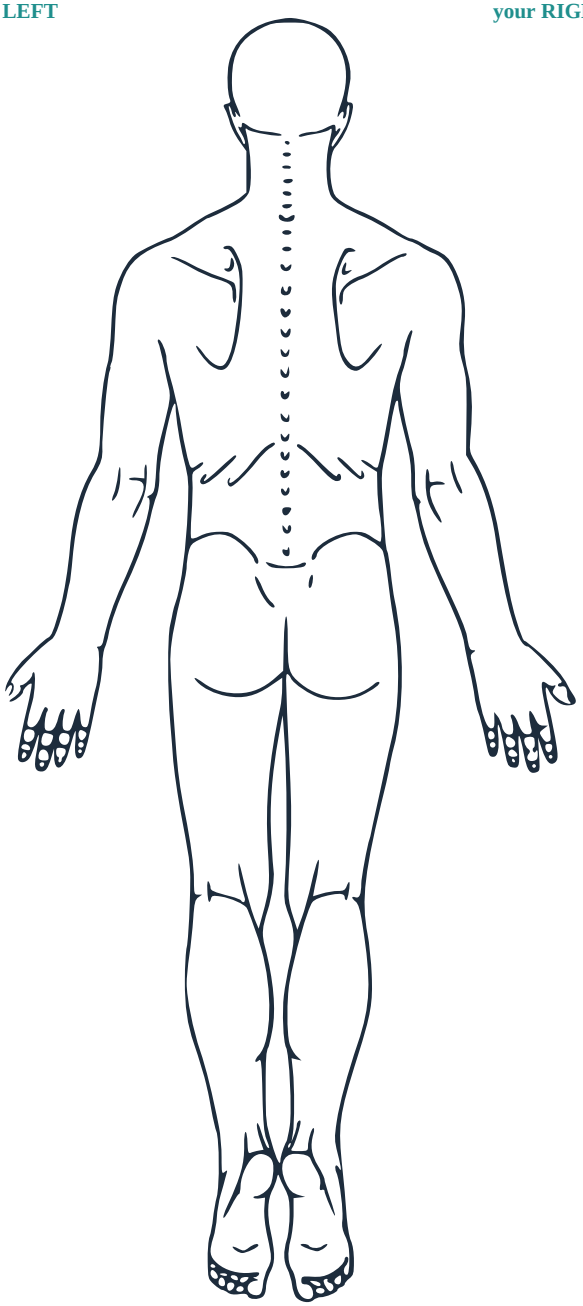

Click wherever you have numbness, pins and needles, or a part that "falls asleep". These marks are blue. If you have none, leave the figures blank.

your RIGHT **your LEFT**

FRONT

your LEFT **your RIGHT**

BACK

Weakness - which arm, hand, leg or foot feels weak, and what is hard to do?

Any other symptom not shown (itching, cramping, coldness ...) and where

4. A Few Questions About Your Symptoms

Answer what you can and skip anything that doesn't apply.

Please Answer Every Line

New loss of bladder or bowel control, or new trouble starting to urinate? ○ Yes ○ No

New numbness in the groin or inner thighs ("saddle" area)? ○ Yes ○ No

Weakness in an arm or leg that is getting worse quickly? ○ Yes ○ No

Important: new bladder or bowel changes, groin numbness, or rapidly worsening weakness can be signs of nerve compression that should not wait. If any of these are new or getting worse, please call the office today or go to the nearest emergency room.

Fever or chills together with your spine pain? ○ Yes ○ No

Weight loss you cannot explain (more than 10 lbs)? ○ Yes ○ No

Any history of cancer? ○ Yes ○ No

A recent serious fall, car accident, or other major injury? ○ Yes ○ No

Neck & Upper Body

Trouble with buttons, writing, or small objects (fine motor difficulty)? ○ Yes ○ No

Dropping objects more than usual? ○ Yes ○ No

Balance or coordination problems? ○ Yes ○ No

Electric shock feeling down your spine when you bend your neck? ○ Yes ○ No

Do arm symptoms travel below the elbow, into the hand or fingers? ○ Yes ○ No

Lower Body

Pain below the knee? ○ Yes ○ No

Do symptoms improve when you sit or lean forward? ○ Yes ○ No

Difficulty with stairs, or does a foot feel floppy or catch (foot drop)? ○ Yes ○ No

Impact on Daily Life

How far can you walk before needing to stop?

How long can you sit comfortably?

How long can you stand comfortably?

What makes your symptoms worse? (select all that apply)

- ☐ Sitting
- ☐ Standing
- ☐ Walking
- ☐ Lying down
- ☐ Bending forward
- ☐ Bending backward
- ☐ Twisting
- ☐ Lifting
- ☐ Coughing / sneezing
- ☐ Looking up
- ☐ Reaching overhead
- ☐ Nothing in particular

What makes your symptoms better? (select all that apply)

- ☐ Rest
- ☐ Lying down
- ☐ Sitting
- ☐ Leaning forward
- ☐ Walking
- ☐ Medication
- ☐ Heat or ice
- ☐ Nothing helps

5. Prior Treatments

This is the most important section. Insurers require written proof of the non-surgical care you have already tried before they approve further treatment, including surgery.

Two things are needed for each treatment you have tried

1. THE DETAILS - where you went, who treated you, the dates, how often, how many visits, and whether it helped. Full names and phone numbers are especially useful. More detail is better, but partial answers are fine.
2. THE RECORDS - call each office and ask for a copy, then attach them to the same email as this form. Physical therapy: the first evaluation, visit notes, and discharge summary. Injections: the procedure notes. Chiropractic, acupuncture, massage: a visit log or dated receipts. Medications: a "medication history" printout from your pharmacy. Imaging: the radiologist's written report.

Check each treatment you have tried. A section for its details will appear below.

- ☐ Physical therapy
- ☐ Home exercise program
- ☐ Chiropractic care
- ☐ Acupuncture
- ☐ Massage therapy
- ☐ Back brace or collar
- ☐ Spine injections
- ☐ Medications
- ☐ Other treatments
- ☐ None of these

Physical Therapy - your most recent round

Clinic name | City and phone number | Therapist's name | Ordered by (doctor)

Start date *MM/YYYY* | End date *MM/YYYY* | Visits per week | Total visits | Result | Records

What did you work on? *e.g., core strengthening, stretching, traction, dry needling*

☐ **+ I had an earlier round of physical therapy (add another section)**

Physical Therapy - the round before that

Clinic name | City and phone number | Therapist's name | Ordered by (doctor)

Start date *MM/YYYY* | End date *MM/YYYY* | Visits per week | Total visits | Result | Records

☐ **+ I had another round before this one (add another section)**

Physical Therapy - an earlier round

Clinic name | City and phone number | Therapist's name | Ordered by (doctor)

Start date *MM/YYYY* | End date *MM/YYYY* | Visits per week | Total visits | Result | Records

Home Exercise Program

Who set it up? | App or program (if any) | From - to *MM/YYYY* | Days / week | What did you work on? | Result

Chiropractic Care

Provider or clinic, city, phone	From - to *MM/YYYY*	How often	Total visits	Result	Records

Acupuncture

Provider or clinic, city, phone	From - to *MM/YYYY*	How often	Total visits	Result	Records

Massage Therapy

Provider or clinic, city, phone	From - to *MM/YYYY*	How often	Total visits	Result	Records

Brace or Collar

Type *e.g., lumbar support belt*	Who prescribed it?	How long did you use it?	Result

Other Treatments

What was it, where, when, how often - and did it help? *TENS, yoga, Pilates, traction, pain psychology ...*

Spine Injections - your most recent

Injection type	Level and side	Date *MM/YYYY*	Doctor and facility, city, phone

How many in this series?	% relief	How long did relief last?	Procedure notes

☐ **+ I had another injection before this one (add another section)**

Spine Injections - the one before that

Injection type	Level and side	Date *MM/YYYY*	Doctor and facility, city, phone

How many in this series?	% relief	How long did relief last?	Procedure notes

☐ **+ I had another injection before this one (add another section)**

Spine Injections - an earlier one

Injection type	Level and side	Date *MM/YYYY*	Doctor and facility, city, phone

How many in this series?	% relief	How long did relief last?	Procedure notes

☐ **+ I had another injection before this one (add another section)**

Spine Injections - earlier still

Injection type	Level and side	Date *MM/YYYY*	Doctor and facility, city, phone

How many in this series?	% relief	How long did relief last?	Procedure notes

Medications You Have Tried for This Problem

Medication type	Tried	Which one, and dose	Prescribed by	How long / when	Did it help?
Anti-inflammatory (ibuprofen, naproxen)	☐				
Acetaminophen (Tylenol)	☐				
Oral steroid (prednisone, Medrol)	☐				
Nerve pain medicine (gabapentin)	☐				
Muscle relaxant	☐				
Opioid pain medicine	☐				
Cream or patch	☐				

Your pharmacy (name, town, phone) - they can print a "medication history" for you	Pharmacy printout

Imaging & Tests

Check each study you have had for your spine. The written report matters most - please attach it.

Study	Had it	Body area	Approx. date	Facility / imaging center, town	Report attached	Bringing disc
X-rays	☐				☐	☐
MRI	☐				☐	☐
CT scan	☐				☐	☐
EMG / nerve conduction study	☐				☐	☐
Bone density scan (DEXA)	☐				☐	☐

Records Checklist

Check each kind of record you are attaching to your email, so we can confirm we received everything.

- ☐ Physical therapy records
- ☐ Injection procedure notes
- ☐ Chiropractic / acupuncture / massage records
- ☐ Pharmacy medication history
- ☐ MRI / CT / X-ray reports
- ☐ EMG report
- ☐ Operative reports
- ☐ Other doctors' office notes

Records you could NOT get - list the office and phone number, and we will help request them

6. Past Medical History

Select any medical conditions you have been diagnosed with. This helps your surgeon plan your care safely.

- ☐ Diabetes (Type 1)
- ☐ Diabetes (Type 2)
- ☐ High blood pressure
- ☐ Coronary artery disease
- ☐ Prior heart attack
- ☐ Prior stroke or TIA
- ☐ Atrial fibrillation
- ☐ Heart failure
- ☐ Osteoporosis
- ☐ Osteopenia
- ☐ Kidney disease
- ☐ COPD / Lung disease
- ☐ Asthma
- ☐ Cancer
- ☐ Rheumatoid arthritis
- ☐ Lupus / Autoimmune disease
- ☐ Depression
- ☐ Anxiety
- ☐ Sleep apnea
- ☐ Bleeding disorder
- ☐ Blood clots / DVT / PE
- ☐ Peripheral neuropathy
- ☐ Multiple sclerosis
- ☐ Parkinson's disease
- ☐ Seizure disorder / epilepsy
- ☐ Fibromyalgia
- ☐ Obesity
- ☐ Thyroid disease
- ☐ Liver disease
- ☐ HIV/AIDS
- ☐ Hepatitis
- ☐ None of these

Other conditions, year diagnosed, or details

Implanted Devices

- ☐ Pacemaker
- ☐ Defibrillator (ICD)
- ☐ Spinal cord stimulator
- ☐ VP shunt
- ☐ Baclofen pump
- ☐ Insulin pump
- ☐ Cochlear implant
- ☐ Joint replacement
- ☐ Prior spine hardware
- ☐ None

7. Past Surgical History

List any prior surgeries, especially any spine surgeries. Approximate dates are fine.

Surgery type	Body region	Date	Surgeon / hospital	Did it help?

Any complications from surgery or anesthesia? (infection, blood clot, trouble waking up - or None)

8. Allergies

List any known allergies, including medications, foods, latex, and metals.

- ☐ No Known Drug Allergies (NKDA)

What are you allergic to?	Reaction	Severity

9. Current Medications

List all medications you take, including over-the-counter medicines and supplements. Don't worry about exact doses - do your best.

☐ I don't take any medications

Medication name	Dose	How often	Reason (if known)

Do you take a blood thinner or antiplatelet (warfarin, Eliquis, Xarelto, Plavix, aspirin)? ○ Yes ○ No ○ Not sure

10. Social & Family History

This helps your surgeon understand your overall health. All responses are confidential.

Do you use any nicotine (cigarettes, vape, chew, patch)? ○ Never ○ Yes, currently ○ Quit in the past

What product? *cigarettes, vape ...*

How much and for how long?

Willing to stop before surgery?

What did you use, and how much? *e.g., 1 pack/day for 10 years*

When did you quit?

Alcohol

Occupation

Current work status

Who lives with you?

Cane, walker, wheelchair?

Is your condition related to any of the following? (Your answers do not affect the quality of your care.)

☐ Not applicable ☐ Workers' compensation claim ☐ Motor vehicle accident ☐ Personal injury case

Date of injury / accident

Claim number (if known)

Case manager or attorney contact

Family history relevant to your spine care (scoliosis, osteoporosis, bleeding or anesthesia problems) - or None

11. Review of Systems

Check anything you have had recently. If nothing in a group applies, check "None" for that group - most people check "None" for most groups.

General & Whole-Body
☐ None
- ☐ Fevers or chills
- ☐ Night sweats
- ☐ Unexplained weight loss (more than 10 lbs)
- ☐ Unusual fatigue or malaise

Eyes
☐ None
- ☐ Recent changes in your vision
- ☐ Double or blurred vision

Ears, Nose, Mouth & Throat
☐ None
- ☐ Hearing loss or ringing in the ears
- ☐ Difficulty or pain when swallowing
- ☐ Hoarseness or a change in your voice

Heart & Circulation
☐ None
- ☐ Chest pain or pressure
- ☐ Shortness of breath
- ☐ Racing or irregular heartbeat
- ☐ Leg swelling

Breathing & Lungs
☐ None
- ☐ A cough that will not go away
- ☐ Wheezing or asthma
- ☐ Sleep apnea, or been told you snore heavily

Digestive
☐ None
- ☐ Changes in bowel habits
- ☐ Nausea or vomiting
- ☐ Abdominal pain
- ☐ Frequent heartburn, reflux, or stomach ulcers

Bladder & Urinary
☐ None
- ☐ Changes in bladder function
- ☐ Increased urinary frequency or urgency
- ☐ Difficulty starting or maintaining urination

Muscles & Joints
☐ None
- ☐ Joint pain or swelling (besides your spine symptoms)
- ☐ General muscle weakness
- ☐ Recent falls

Skin
☐ None
- ☐ Any new rash
- ☐ Any current wounds, sores, or skin infections
- ☐ Any skin breakdown from sitting or lying down

Nerves & Brain
☐ None
- ☐ Frequent headaches
- ☐ Dizziness or lightheadedness
- ☐ Seizures
- ☐ Memory or concentration problems
- ☐ Trouble with balance, or feeling unsteady on your feet
- ☐ Increasing clumsiness with your hands - buttons, handwriting, dropping things

Mood & Sleep
☐ None
- ☐ Feeling down, depressed, or hopeless
- ☐ Feeling anxious or on edge
- ☐ Trouble sleeping because of your pain

Hormones & Metabolism
☐ None
- ☐ Diabetes or high blood sugar
- ☐ Thyroid problems
- ☐ Osteoporosis, thinning bones, or a fracture from a minor fall

Blood & Lymph Nodes
☐ None
- ☐ Bruise or bleed easily
- ☐ History of blood clots in the legs or lungs
- ☐ Swollen glands
- ☐ Any history of cancer

Allergies & Immune System
☐ None
- ☐ Any recent or frequent infections
- ☐ Seasonal allergies or hay fever
- ☐ Take steroids or medicines that lower your immune system

Anything checked above that you would like to explain

12. Questionnaires

These short questionnaires measure how your symptoms affect daily life. Only the ones that match your answers on page 2 appear.

Low back questionnaire - complete this page if you have low back, hip, or leg symptoms.

Oswestry Disability Index (ODI) - how your back or leg pain affects daily activities

For each topic, choose the ONE statement that best describes you today.

1. Pain Intensity
- ○ I have no pain at the moment
- ○ The pain is very mild at the moment
- ○ The pain is moderate at the moment
- ○ The pain is fairly severe at the moment
- ○ The pain is very severe at the moment
- ○ The pain is the worst imaginable at the moment

2. Personal Care (Washing, Dressing, etc.)
- ○ I can look after myself normally without causing extra pain
- ○ I can look after myself normally but it causes extra pain
- ○ It is painful to look after myself and I am slow and careful
- ○ I need some help but can manage most of my personal care
- ○ I need help every day in most aspects of self-care
- ○ I do not get dressed, I wash with difficulty, and stay in bed

3. Lifting
- ○ I can lift heavy weights without extra pain
- ○ I can lift heavy weights but it gives me extra pain
- ○ Pain prevents me from lifting heavy weights off the floor, but I can manage if they are conveniently placed
- ○ Pain prevents me from lifting heavy weights, but I can manage light to medium weights if they are conveniently positioned
- ○ I can only lift very light weights
- ○ I cannot lift or carry anything at all

4. Walking
- ○ Pain does not prevent me from walking any distance
- ○ Pain prevents me from walking more than 1 mile
- ○ Pain prevents me from walking more than 1/2 mile
- ○ Pain prevents me from walking more than 100 yards
- ○ I can only walk using a cane or crutches
- ○ I am in bed most of the time

5. Sitting
- ○ I can sit in any chair as long as I like
- ○ I can only sit in my favorite chair as long as I like
- ○ Pain prevents me from sitting for more than 1 hour
- ○ Pain prevents me from sitting for more than 30 minutes
- ○ Pain prevents me from sitting for more than 10 minutes
- ○ Pain prevents me from sitting at all

6. Standing
- ○ I can stand as long as I want without extra pain
- ○ I can stand as long as I want but it gives me extra pain
- ○ Pain prevents me from standing for more than 1 hour
- ○ Pain prevents me from standing for more than 30 minutes
- ○ Pain prevents me from standing for more than 10 minutes
- ○ Pain prevents me from standing at all

7. Sleeping
- ○ My sleep is never disturbed by pain
- ○ My sleep is occasionally disturbed by pain
- ○ Because of pain I have less than 6 hours of sleep
- ○ Because of pain I have less than 4 hours of sleep
- ○ Because of pain I have less than 2 hours of sleep
- ○ Pain prevents me from sleeping at all

8. Sex Life (if applicable)
- ○ My sex life is normal and causes no extra pain
- ○ My sex life is normal but causes some extra pain
- ○ My sex life is nearly normal but is very painful
- ○ My sex life is severely restricted by pain
- ○ My sex life is nearly absent because of pain
- ○ Pain prevents any sex life at all

9. Social Life
- ○ My social life is normal and gives me no extra pain
- ○ My social life is normal but increases the degree of pain
- ○ Pain has no significant effect on my social life apart from limiting my more energetic interests
- ○ Pain has restricted my social life and I do not go out as often
- ○ Pain has restricted my social life to my home
- ○ I have no social life because of pain

10. Traveling
- ○ I can travel anywhere without pain
- ○ I can travel anywhere but it gives me extra pain
- ○ Pain is bad but I manage journeys over 2 hours
- ○ Pain restricts me to journeys of less than 1 hour
- ○ Pain restricts me to short necessary journeys under 30 minutes
- ○ Pain prevents me from traveling except to receive treatment

Score (calculated automatically):

Neck questionnaire - complete this page if you have neck, shoulder, arm, or hand symptoms.

Neck Disability Index (NDI) - how your neck pain affects daily activities

For each topic, choose the ONE statement that best describes you today.

1. Pain Intensity
- ○ I have no pain at the moment
- ○ The pain is very mild at the moment
- ○ The pain is moderate at the moment
- ○ The pain is fairly severe at the moment
- ○ The pain is very severe at the moment
- ○ The pain is the worst imaginable at the moment

2. Personal Care (Washing, Dressing, etc.)
- ○ I can look after myself normally without causing extra pain
- ○ I can look after myself normally but it causes extra pain
- ○ It is painful to look after myself and I am slow and careful
- ○ I need some help but can manage most of my personal care
- ○ I need help every day in most aspects of self-care
- ○ I do not get dressed, I wash with difficulty, and stay in bed

3. Lifting
- ○ I can lift heavy weights without extra pain
- ○ I can lift heavy weights but it gives me extra pain
- ○ Pain prevents me from lifting heavy weights off the floor, but I can if they are conveniently placed
- ○ Pain prevents me from lifting heavy weights, but I can manage light to medium weights if conveniently positioned
- ○ I can only lift very light weights
- ○ I cannot lift or carry anything at all

4. Reading
- ○ I can read as much as I want to with no pain in my neck
- ○ I can read as much as I want to with slight pain in my neck
- ○ I can read as much as I want with moderate pain in my neck
- ○ I can't read as much as I want because of moderate pain in my neck
- ○ I can hardly read at all because of severe pain in my neck
- ○ I cannot read at all

5. Headaches
- ○ I have no headaches at all
- ○ I have slight headaches which come infrequently
- ○ I have moderate headaches which come infrequently
- ○ I have moderate headaches which come frequently
- ○ I have severe headaches which come frequently
- ○ I have headaches almost all the time

6. Concentration
- ○ I can concentrate fully when I want to with no difficulty
- ○ I can concentrate fully when I want to with slight difficulty
- ○ I have a fair degree of difficulty in concentrating when I want to
- ○ I have a lot of difficulty in concentrating when I want to
- ○ I have a great deal of difficulty in concentrating when I want to
- ○ I cannot concentrate at all

7. Work
- ○ I can do as much work as I want to
- ○ I can only do my usual work, but no more
- ○ I can do most of my usual work, but no more
- ○ I cannot do my usual work
- ○ I can hardly do any work at all
- ○ I can't do any work at all

8. Driving
- ○ I can drive my car without any neck pain
- ○ I can drive my car as long as I want with slight pain in my neck
- ○ I can drive my car as long as I want with moderate pain in my neck
- ○ I can't drive my car as long as I want because of moderate pain in my neck
- ○ I can hardly drive at all because of severe pain in my neck
- ○ I can't drive my car at all

9. Sleeping
- ○ I have no trouble sleeping
- ○ My sleep is slightly disturbed (less than 1 hour sleepless)
- ○ My sleep is mildly disturbed (1–2 hours sleepless)
- ○ My sleep is moderately disturbed (2–3 hours sleepless)
- ○ My sleep is greatly disturbed (3–5 hours sleepless)
- ○ My sleep is completely disturbed (5–7 hours sleepless)

10. Recreation
- ○ I am able to engage in all my recreation activities with no neck pain at all
- ○ I am able to engage in all my recreation activities with some pain in my neck
- ○ I am able to engage in most, but not all, of my usual recreation activities because of pain in my neck
- ○ I am able to engage in a few of my usual recreation activities because of pain in my neck
- ○ I can hardly do any recreation activities because of pain in my neck
- ○ I can't do any recreation activities at all

Score (calculated automatically):

Hand and walking function - complete this section if you have hand clumsiness, dropping objects, balance problems, or electric-shock sensations.

Modified Japanese Orthopaedic Association Score (mJOA)

For each topic, choose the ONE statement that best describes you right now.

1. Upper Extremity Motor Function

- ○ I have no difficulty with hand function - my writing, buttoning, and eating are normal
- ○ I have slight difficulty with buttons or fine hand movements, but can do most things
- ○ I have noticeable difficulty with buttons, writing, or handling small objects
- ○ I can move my hands but cannot button my shirt or handle chopsticks/utensils well
- ○ I can move my hands but cannot feed myself with a spoon
- ○ I am unable to move my hands

2. Lower Extremity Motor Function

- ○ I walk normally with no balance or coordination issues
- ○ I walk on my own but notice mild balance or coordination issues
- ○ I can walk on my own including stairs, but I notice moderate instability
- ○ I can walk on flat ground on my own but need a handrail for stairs
- ○ I need a cane, walker, or someone to help me walk
- ○ I can move my legs but I am unable to walk
- ○ I am unable to move my legs but have some sensation
- ○ I am unable to move my legs and have no sensation

3. Upper Extremity Sensation

- ○ I have completely normal sensation in my hands and arms
- ○ I have mild numbness or tingling in my hands or arms
- ○ I have significant numbness or pain in my hands or arms
- ○ I have complete loss of feeling in my hands

4. Bladder Function

- ○ I have completely normal bladder function
- ○ I have mild difficulty - slight urgency or frequency
- ○ I have significant difficulty - I strain or have retention issues
- ○ I am unable to control my bladder

Score (calculated automatically):

13. Your Questions for Dr. Wey

What do you most want answered or addressed at this appointment? Writing it here lets Dr. Wey prepare before he sees you.

Your questions, and anything you specifically want addressed at the visit

What are you hoping this visit will achieve? *a diagnosis, treatment options, a second opinion, to discuss surgery ...*

14. Review & Submit

Patient signature (type your full name) | Date *MM/DD/YYYY* | Completed by (if not the patient)

Returning this form

Option 1: Click "Email this form" (works in Adobe Acrobat Reader), then attach your treatment records to that same email before sending.
Option 2: Save this PDF (File > Save) and attach it, with your records, to an email to awey@holyname.org.
Option 3: Print it and bring it, with your records, to your appointment. Email is not fully secure, so use this option if you prefer.

Email this form
